

PRIME MINISTER · PREMIER MINISTRE

January 2008

Greetings from the Prime Minister

I am pleased to extend my personal greetings to the staff, volunteers and supporters of Crime Stoppers as you mark Crime Stoppers Month.

Crime Stoppers has a proven track record in helping to keep communities safe both in Canada and around the world. It provides a highly effective channel through which the public, police and media can cooperate to prevent and resolve criminal activity in our communities. The vital information received through Crime Stoppers programs has led to the resolution of over a million cases around the world. This is an astounding record, which has proven that Crime Stoppers works.

Crime Stoppers Month is an opportunity to raise awareness of this successful world-wide network. With more than 100 programs across the country, Crime Stoppers has a strong and respected presence in Canada. I am pleased to have this opportunity to commend Crime Stoppers for all their hard work in assisting our dedicated police forces in combating crime and safeguarding our communities across the country.

On behalf of my colleagues in the Government of Canada, please accept my best wishes for continued success and many more cases solved in the upcoming year.

Sincerely,

*The Rt. Hon. Stephen Harper, P.C., M.P.
Prime Minister of Canada*
